## Area description:

Genova is located just outside Palma and the area is continuously increasing in popularity. The reasons for this are many, partly thanks to the beautiful nature and tranquillity here, but also for the magnificent view and the proximity to Palma. You are just ten minutes from Palma centre and 20 minutes from the airport. In addition to the proximity to Genova's culinary selection you also find exclusive golf clubs such as Club Son Vida, yacht clubs such as Calanova or the Real Club Nautico de Palma.

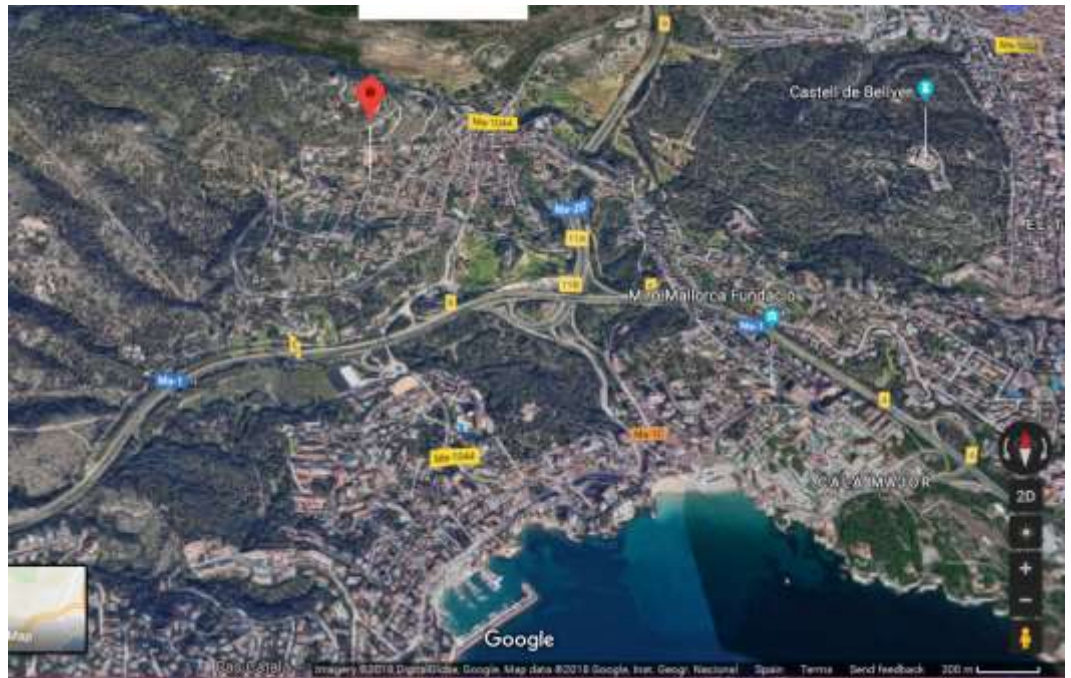

There are also several beaches nearby such as Cala Mayor, Illetas and Cala Nova. Over the years the in between area has been filled up with residential construction, and Genova is now considered as a district of greater Palma. It is located at the foot of the Naburgesa Mountain range.

## Getting around:

Within a few minutes' drive from the busy streets, traffic and shops of the city you will find yourself perched upon mountain peaks looking down at the sea and the local pine forests which surround this picturesque location.

## Groceries:

- ◆ Closest convenience store is about 10 min walk (+/-1km)
- ◆ Eroski in Cala Mayor (about 5min drive, big store)
- ◆ Carrefour in Porto Pi Shopping Mall (5 min drive)
